GRUEN

Inspired by the vibrant landscapes of Morocco's Atlas Mountains, our allover pattern captures the essence of this rugged yet beautiful region – from the undulating curves of its mountain ranges to the richly textured wares found in its local markets. Gruen is woven on a traditional pit loom, where the weaver sits in a dug-out hole, embracing an age-old technique that connects the land, culture, and craft. The result brings the warmth and spirit of the Atlas Mountains into any room. Handwoven flatweave, available in two standard fiber options: wool and Polyester (PET).
