RIVVI

Inspired by the handwoven textiles of the Atlas Mountains, our Tulu weave rug reflects the raw beauty of Berber craftsmanship. This technique alternates plush pile with flatwoven rows, creating subtle linear breaks, mimicking the wind-swept ridges of the Sahara. Hand-clipped for definition, it is at once both structured and organic—lightweight, yet rich in dimension. Here, pattern emerges not from ornamentation but from the rhythm of the weave itself – and is shaped by tradition and touch. Available in Persian hand-knotted, and two standard fiber combinations: all wool, and cashmere and wool.

Palladian. Hand-knotted, Persian. Cashmere & Wool (top). Whipple, Hand-knotted, Persian. Wool (bottom)
